Q.3) Solution (c)

Project Sashakt was proposed by a panel led by PNB chairman Sunil Mehta. Bad loans of up to ₹50 crore will be managed at the bank level, with a deadline of 90 days. For bad loans of ₹50-500 crore, banks will enter an inter-creditor agreement, authorizing the lead bank to implement a resolution plan in 180 days, or refer the asset to NCLT. For loans above ₹500 crore, the panel recommended an independent AMC, supported by institutional funding through the AIF. The idea is to help consolidate stressed assets.
