We always strive to improve our standards to give the aspirants the best quality. For this we would like to take a comprehensive feedback. Answer the below questions with genuine opinions.

As this is the first time we have conducted an online test series for mains answer writing (based on the countless requests we have got). We are really looking forward for your genuine feedback. We are open to take your suggestions and we will implement the good and feasible suggestions.

Are you satisfied with the question paper setting? Any suggestions regarding it?

Yes. Good quality.

Are you satisfied with the synopsis? Any suggestions regarding it?

Yes. Good quality. But sometimes background of the problem seems unnecessary addition, introduction can be straight-forward.

Did you receive timely comprehensive evaluation? Are you satisfied with the kind of evaluation?

Yes, very much so.

Would you join the test series, if it is conducted after the UPSC CSE-2019 preliminary?

Yes, for sure.

Would you prefer to have personal telephonic guidance along with the evaluation?

Yes, very helpful initiative, since the series is online it helps in better guidance and doubt clearance. That otherwise would have been difficult.

Would you suggest your friends to join this test series? If yes/no, what factors led you to say it?

Yes, good quality questions, synopsis, evaluation.
Why, not?
