IASbaba's Mains Answer Writing Programme

FEEDBACK FORM

Hello everyone,

We have come to the end of IASbaba's C2C Mains Answer Writing Programme. We at IASbaba worked very hard to give our 100% in order to improve your answer writing skills. We hope that we had made a small difference (which might help you guys in scoring good marks) in your mains answer writing skills.

We always strive to improve our standards to give the aspirants the best quality. For this we would like to take a comprehensive feedback. Answer the below questions with genuine opinions.

As this is the first time we have conducted an online test series for mains answer writing (based on the countless requests we have got). We are really looking forward for your genuine feedback. We are open to take your suggestions and we will implement the good and feasible suggestions.

Are you satisfied with the question paper setting? Any suggestions regarding it?

Questions were very much relevant to current issues as well as static portion.

Suggestions :- I found ethics question paper a bit repetitive. though questions were all relevant, especially the case studies.

Are you satisfied with the synopsis? Any suggestions regarding it?

Content of synopsis was good enough, and very enriching.

Suggestion:- Kindly provide a framework for jargons like - 'critically analyse', 'Examine', 'Comment', etc. Evaluations included suggestions ~~but~~ but it would be helpful if an ~~examination~~ approach is provided.

Did you receive timely comprehensive evaluation? Are you satisfied with the kind of evaluation?

Evaluation was always timely with comprehensive suggestions and area of improvement. I am completely satisfied with the evaluation.

Would you join the test series, if it is conducted after the UPSC CSE-2019 preliminary?

Definitely YES. I would like to request for online test series for optional paper as well after Prelims. My optional is Biology and by the time IBT announce online test series, I ~~already~~ joined one. So please start it after Prelims as well.

Would you prefer to have personal telephonic guidance along with the evaluation?

I did receive telephonic guidance after every 3-4 tests and they were very enriching, motivational and encouraging. I would prefer telephonic guidance with same frequency.

Would you suggest your friends to join this test series? If yes/no, what factors led you to say it?

Yes, I would suggest any aspirant to join this test series because -

- ① timely and comprehensive reviews.
- ② Approach paper and synopsis are very enriching.
- ③ Best for freshers who need proper guidance within stipulated time.
