

IAS BABA

40 Days RARE Series 2026

Rapid • Accurate • Relevant • Exam-Oriented

Program Schedule

Starting from **13th April 2026**

The Last 40 Days Before Prelims 2026

Structured. Strategic. Result-Oriented.

Note to Aspirants:

Dear students,

The next 60 days are not ordinary days. They represent the **most decisive phase** of your Prelims preparation where clarity must replace confusion, revision must replace accumulation, and precision must replace randomness. This **RARE series schedule** has been carefully designed to channel your energy into **high-yield themes, structured revision, and exam-oriented practice** so that every single day contributes meaningfully to your performance.

At this stage, your biggest enemies are **distraction and self-doubt**. Stay away from **unnecessary comparisons, social media noise, and last-minute experimentation** with new sources. Equally important, keep your **doubts in check** — not by ignoring them, but by countering them with disciplined action. **Trust the structure**, follow the plan sincerely, and show up every single day with focus. In competitive exams like UPSC, it is often not intelligence, but consistency and mental steadiness that determine who crosses the cut-off.

Finally, remember that this phase is not about doing more — **it is about doing what truly matters**. Protect your time, guard your energy, and commit fully to the process. If you approach these 60 days with seriousness and self-belief, you will walk into the examination hall with **quiet confidence earned through disciplined preparation**.

The **entire IAS BABA team** stands with you in this **final lap**. We wish you clarity of thought, strength of mind, and unwavering consistency. Stay focused, trust the process, and give your very best — **we look forward to seeing you cross the cut-off**.

**Wish you all the very best.
Team IASBABA.**
